DESCRIPTION Profile

I'm a third-year Computer Science student at SZABIST Karachi with a strong passion for UI/UX design and web development. I enjoy building clean, user-friendly websites and digital experiences that are both functional and visually appealing. I'm always excited to learn new tools and technologies, and I'm looking to grow my skills by working on real world projects that combine creativity with problem-solving.

SKILLS

Programing Skills

C, Java, HTML, JavaScript, PHP, CSS, Python, PostgreSQL, React-native
